PROFESSIONAL SUMMARY

Frontend Engineer with 3+ years of experience building responsive web and mobile applications using **React.js**, **TypeScript**, **Ionic**, and **Capacitor**. Experienced in reusable UI architecture, API integration, payment workflows, and performance optimization. Comfortable working directly with customers, collaborating in Agile teams, reviewing code, and mentoring junior developers.

TECHNICAL SKILLS

Frontend	React.js, TypeScript, JavaScript, Next.js, Ionic, Capacitor, Tailwind CSS, MUI, AntDesign, Sass
State & Data	Redux, Zustand, TanStack React Query, React Hook Form
Backend	ASP.NET, RESTful APIs, SQL Server, Oracle
Other	Responsive Design, Performance Optimization, Payment Integration, Swagger, Postman, Git, Agile/Scrum

PROFESSIONAL EXPERIENCE

Frontend React Engineer

Uway Technology Consulting Company Limited

Jan 2025 – Aug 2026

- Develop responsive web and mobile applications using **React.js**, **TypeScript**, **Ionic**, and **Capacitor**, including API integration, payment workflows, and performance optimization.
- Build reusable components and Mock APIs to accelerate frontend development and improve maintainability.
- Work directly with customers to clarify requirements and propose practical frontend solutions.
- Review frontend code and mentor junior developers, improving code quality and delivery consistency.

Fullstack Engineer

Vietsens Technology Group

Feb 2023 – Jan 2025

- Developed and maintained frontend and backend features for enterprise and healthcare applications.
- Built RESTful APIs and optimized **SQL Server** queries and indexes for improved data retrieval performance.

KEY PROJECTS

Didaunao

React.js, Capacitor, Tailwind CSS, Redux, Zustand, React Hook Form

- Refactored mobile **safe-area handling** to improve layout stability across different devices.
- Implemented **Stripe payment and order workflows** with reliable frontend state management.
- Applied **Stale-While-Revalidate** to improve perceived performance and reduce unnecessary loading states.

Good Booking

React.js, TypeScript, Ant Design, Sass

- Implemented real-time scheduling and timezone handling for accurate appointment management.
- Integrated **PayPal** payment flows with error handling and user feedback.
- Improved website loading performance by approximately **50%** through frontend optimization.

HIS Web

ASP.NET, Angular, Oracle, SQL Server, Sass, Bootstrap

- Developed healthcare workflow screens, tables, and forms to support hospital business processes.
- Built backend functionality for **PDF processing and document merging**.

ACTIVITIES

English Club – Development Team Member

10–20 member club

- Collaborated with club members to organize English learning activities and support internal club initiatives.

Volunteer Activities

- Participated in community and volunteer activities, developing teamwork, communication, and organizational skills.

EDUCATION

Software Applications

Graduated Feb 2023

FPT Polytechnic

GPA: **7.9/10**
